

The Coming World Calendar

a.k.a. The Benedictine Perpetual Calendar

The subject regarding Pope Benedict and the new "Benedictine World Calendar" is of paramount importance, because it is an identical repeat of what happened 1938. This Benedictine Calendar that is being proposed in Australia is simply called "The World Calendar" in the U.S., at this time. Our current Gregorian calendar is named after Pope Gregory; likewise the new "World calendar" would be named after Pope Benedict. It has been said "*the power that controls the money controls the people*", but the same can be said that "*the power that creates the calendar creates the people in its image.*"

In the description of *The World Calendar*, an extra day each year is spoken of. This extra day stands alone and is *not* placed on a Sunday, Monday, Tuesday, etc., but is placed between the last day (Saturday) of each year and the first day (Sunday) of the following year. This will have a direct impact on all who hold a Saturday or a Sunday to be an ordained holy Sabbath day. The first whole year that *The World Calendar* is in place nothing will be different. However, in the 2nd year, what in previous years had been Saturday followed by Sunday will now be Friday followed by Saturday on this new calendar. The next year what was once a Saturday Sabbath is now on Thursday, then the next year it is Wednesday, then the next Tuesday. Then there is a skip because a leap year day is inserted every four years following the last day of June. Now what was once the Saturday Sabbath is on Sunday. This will create utter chaos within all churches as they struggle over when to hold church. The church members will struggle with how to attend because of their jobs and school. Will Sabbath keepers seek to remain faithful to God in keeping their original Sabbath holy even though every year it is on a different day of the week? Or will they go along with the whole world in order to keep their jobs and feed their families and attend school.

Seventh-day Adventist's were shocked in 1938 by this same World Calendar Association's agenda to promote this controversial calendar. The General Conference of S.D.A.'s quickly assembled and appointed a *committee to research the impact this proposed calendar would have on the church*, and the held belief in the successive seven day Sabbath cycle since creation. The committee was made up of seven individuals; one of which was Grace Amadon, who carried a prominent role. There were several years of research, and an accumulation of over 5000 pages of letters and documents to and from astronomers all over the world. (All of these letters and documents are currently kept in a

vault at Andrews University. However this information can be more easily accessed at www.4angelspublications.com.

This committee rediscovered that William Miller's prophetic 2300 day/year chart of 1844 was based solely on the Karaite Jews calculations of the luni-solar (Creation & Sanctuary) calendar. Only on this calendar were they able to connect all the prophetic dots (dates) exactly, including the crucifixion of A.D. 31 on the exact and precise day.

The reason this is so critical for S.D.A.'s and other truth seekers of all denominations, is that the correct dates of the crucifixion cannot be achieved by using the Julian/Gregorian calendar. If the calculations are off even by a day, then it would be discovered that successive weeks had been broken and their day of worship would in effect not be sacred. This is

not as apparent when doing chronological studies of years, but rather is discovered in the details of days and weeks. The key to the correct calendar and to the correct seventh-day Sabbath lies in the specific details of Christ's crucifixion; Sabbath rest in the tomb; and His resurrection. You will find the [Twelve Criteria](#) scriptural study, which includes calendar diagrams, within the article entitled, "The One Unanswerable Objection".

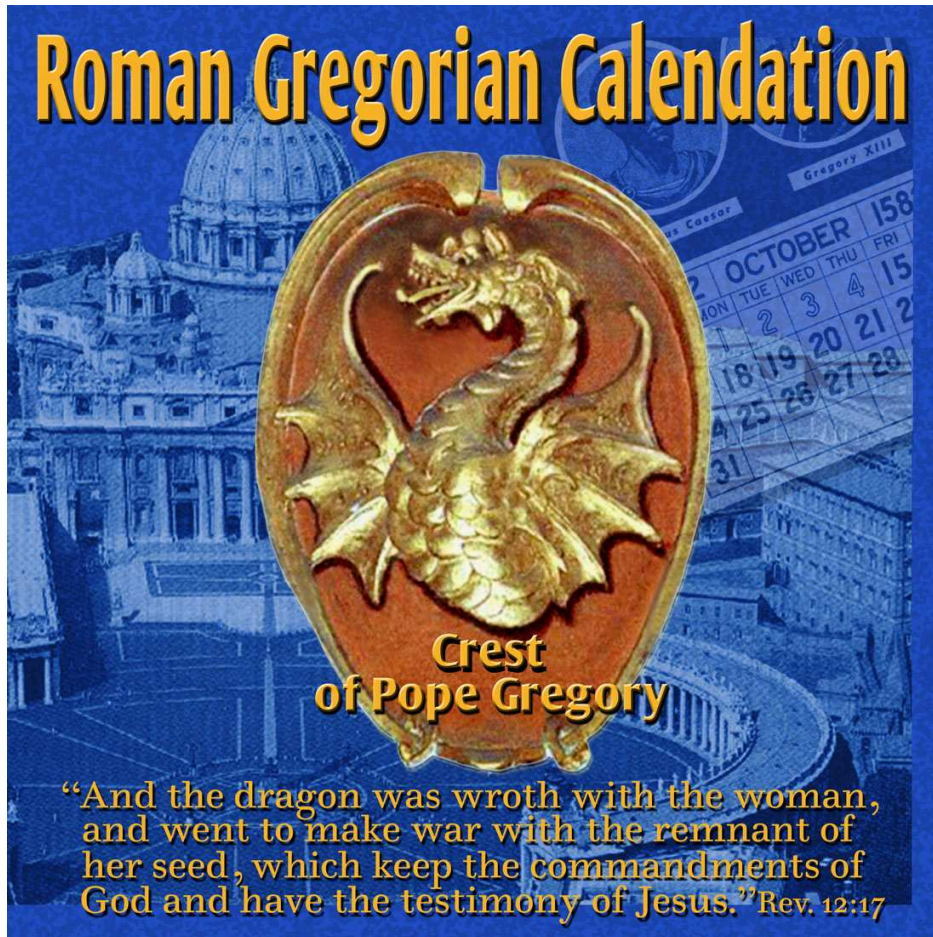

Yahuwah is truly waking up His people with the light of His truth and eminent return. There are three calendars that must be examined prayerfully. Two are counterfeit and one is true. It may be that your choice of calendar, will determine your destiny.

Make no mistake, portrayed in the image below is none other than the Crest of Pope Gregory as displayed at the Vatican. Here we see that not by mere chance the "crest of the dragon" represents Pope Gregory in whom Roman Gregorian calendation is named for. In the sixteenth century it was he who made the final touches to Roman solar calendation and then changed its name from "Julian" to "Gregorian." It is under this banner (crest), representing man-made counterfeit units-of-time, that

Pope Gregory XIII, celebrating the introduction of the Roman Gregorian Calendar in 1582.

that Satan will wage war on all those faithfully seeking to live according to all the laws of the L-rd Yahuwah and the time principles of heaven ([Revelation 12:17](#)). These laws include the divinely inspired lunisolar time-system as defined by the earthly sanctuary. The earthly sanctuary set up as a tribute to, and a copy of the heavenly standard, of which it was patterned after. Therefore, it was the preordained heavenly original that defined the time sequence of His eternal Sabbath and annual feast days in heaven as well as here on earth.

And he shall speak great words against the most High, and shall wear out the saints of the most High, *and think to change times and laws*: and they shall be given into his hand until a time and times and the dividing of time. [Daniel 7:25](#)

And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy. 2 And the beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority... [Revelation 13:1](#)

And the dragon was enraged with the woman, and he went to make war with the rest of her offspring, who keep the commandments of God and have the testimony of Jesus Christ. [Revelation 12:17](#)
