

Happy Rosh Hashanah (New Year's Day) and Full New Moon Day, all who worship Yahuah Alahim and Yahusha haMashiach on their Kadosh (set-apart) Lunar New Moons and Sabbaths!

Today is **Day One** of the Creator's authentic **First Lunar Month of the YEAR 5,992** although coincident with the Roman Gregorian calendar solar *Thursday, 04-06-23*. Rosh Hashanah is identified in Exodus 12:1-4 as the start of the year 14 days before Passover. His years are measured from spring to spring. Each month, it is an awe-inspiring sight to watch the full moon rise in the East and make its way along the east-west time continuum under our Creator's tireless direction. Then to see with your own eyes that moment when the sun's first rays shine forth to greet the descending full moon. They greet each other with a nod and agreement that indeed, this moment, while both visible from opposite compass points, marks the start of the new lunar month. Honoring His New Moons as declared from His sacred Torah Law shows Him who desires to enter in through the pearly gates of His Eternal Kingdom government. I hope to see you all there! HalleluYah!

“Blessed are those who hear the joyful call to worship, for they will walk in the light of your presence, YAHUAH. They rejoice all day long in your wonderful reputation. They exult in your righteousness.” Psalms 89:15-16

Rosh Hashanah Yahuah's *New Year's Day in Spring*

Rosh Hashanah has been for nearly 1,700 years traditionally celebrated by the Yahudim (Jews) as New Year's Day in autumn, also occurring on the same day as Yom Teruah, the Feast of Trumpets. **Yet, no matter how long this erroneous tradition has been honored, it is time to restore Rosh Hashanah to YAHUAH'S true and original New Year's Day in SPRING, as defined by YAHUAH Alahim to Moses and Aaron 14 days prior to the first PASSOVER, as recorded in Exodus 12.** For this is His appointed beginning of lunar months signaled by the full New Moon near the feet of the constellation of Bethulah (Virgo) as the Rosh (first) constellation of the year, and sets the count to PASSOVER (Pasch), the 14th day. **Without first locating this predominant day of the sacred year correctly, all the full moons that rise in the east for the start of lunar months, lunar seventh-day Sabbaths, and Kadosh (sacred) lunar appointed Feast days will be hopelessly out of sync with the imperial worship rhythm of our Creator, Yahuah Alahim.**

Rosh Hashanah Set in Stone

In Shemot (Exodus) 12:1-3, it was YAHUAH who proclaimed to Moses that the **Feast of Passover** was to be counted from **Rosh Hashanah**, the first day of the first lunar month of the year in spring. Passover, counted fourteen days later, forever ties **Rosh Hashanah (New Year's Day) to the spring** of the year and not to the fall. This was first expressed by the Eternal Father YAHUAH fourteen days prior to the first Passover and exodus from Egyptian bondage (Exodus 12:1-3) and alluded to in ViYakra (Leviticus) 23:5.

(As I sing along, it has become my habit to change out all the replacement names for Yah, Yahuah, Yahusha, or Alahim as the song requires.)

Barak hashem YAHUSHA haMashiach! (*Bless the name of YAHUSHA the Messiah!*)
