

Happy New Moon Day to all who worship Yahuah Alahim and Yahusha haMashiach on their Kadosh (set apart) Lunar New Moons and Sabbaths!

https://www.youtube.com/watch?v=FUb6QjzvRXU

Today is **Day One** of the Creator's authentic **Second Lunar Month**, although it coincides with the Roman Gregorian solar calendar *Fri.*, 05-24-2024.

His years are measured from spring to spring. Each month, it is awe-inspiring to watch the full moon rise in the East and make its way along the east-west time continuum under the Creator's tireless direction. Then, see with your own eyes that moment when the sun's first rays shine forth to greet the descending full moon before it sets in the west. They greet each other with a nod and agreement that this moment, while visible from opposite coordinates together, marks the start of the new lunar month. Honoring His New Moons as declared from His sacred Torah Law shows Him who desires to enter through the pearly gates of His Eternal Kingdom government. I hope to see you there! HalleluYah!

"Blessed are those who hear the joyful call to worship, for they will walk in the light of your presence, YAHUAH. They rejoice all day long in your wonderful reputation. They exult in your righteousness." Psalms 89:15-16

## **Kerrie's Comments**

As Bible believers and followers of Yahusha haMashiach, our faith is established upon the prophetic promises and their timely fulfillments. This morning on this New Moon Day I encourage each of you to watch a specific Ron Wyatt VIDEO of His many archeological Discoveries. There have been many professional archeologists who have tried to discredit his work. I recommend putting on your discernment glasses and prayerfully watch the 2.5 hour video.

Did Ron really find Noah's Ark? Did he discover the location of Sodom and Gomorrah? What is the proof? Is it all the pottery remains that give it away? What about the crossing of the Red Sea, did it really happen? Was it a miracle of Yahuah in that all of the Yasharalites crossed safely, but Pharaoh's entire army was destroyed as the waters were released? Did Ron discover the Ark of the Covenant secreted deep in a cave? What miraculous evidence was found on this sacred Mercy Seat that holds true to the Day of Atonement Feast Day that occurred once a year in which the High Priest alone sprinkled the blood of the lamb?

Please click on this link, as it is one of the most important videos you will ever see in your life. At the very end, the speaker questions the authenticity of a choice of words used by Ron Wyatt at the end of the video, declaring him to be inconsistent, saying that the angel told him the tables of stone would be shown to the world when the *Mark of the Beast* is given. Yet, at other times Ron says to his S.D.A. friends that the tables of stone would be shown when the *Sunday Laws are enforced*. Please note this is not an inconsistent set of statements as Ron Wyatt and the entire S.D.A. church believe these to be one and the same event. I once believed this too, but no longer do.

May the blessings of Yahuah Alahim (and Yahusha haMashiach) be upon you as we bid farewell till next Shabbat. May His divine light shine upon you that you may receive His promised bountiful grace. May His face shine upon you, and give you peace.

Barak hashem YAHUSHA haMashiach! (Bless the name of YAHUSHA the Messiah!)

Scripture's Time Units	CALENDAR The Creator's Calendar Standard	COMPARISON CHAR Modern Roman	Rabbinical Pharisee
19 Year Lunar Embolismic Cycle (Scripture's evidence is the sum of the verses below, as they only work on a 19-year lunar cycle.)	Every 19 years, the astro- lunar cycle synchronizes naturally to the solar year. As regular lunar years are shorter than the solar years by 10-11 days, two or three regular years in a row will be approximately 21 days short. Yet the moon automatically provides the 13 <sup>th</sup> month at the correct time to restore harmony. This phenomenon exists perpetually and without human aid.	Gregorian Julius Caesar removed the use of the lunar phases for time- measuring as early as 45 B.C. Later, Constantine utilized the 19-year cycle of 13-month years of the hated Jews only to ensure their Easter Sunday would never occur on the Jewish Passover. So Easter's lunar custom as tied to the full moon continues to this day. It is located on the first Sunday following the first full moon after the Vernal Equinox.	Jewish While the modern Jews keep 12-13 month lunar years that revolve on a 19-year cycle and start in spring & fall, theirs is now a mathematically calculated system derived from ancient Babylon. It now utilizes, in theory, the first dark or crescen moon nearest to the Vernal Equinox in spring to locate all Feast Days. They are out of sync with Exodus 12:1-2 for years by 1- days & 180 degrees on the Zodiac.
New Moon Lunar Phase Genesis 1:16 Exodus 12:1-4 Psalms 81:3 Proverbs 4:18 Isaiah 06:22-23 Ezekiel 46:1-3 Amos 8:9-11 Luke 23:44-45 Ephesiane 5:13 James 1:17 Rev. 12:1	Genesis depicts the full moon announces the start of each month by ruling the NIGHT together with the stars, on the east-west time continuum, when the <u>sun is NOT</u> present. The New Moon Day begins the following sunrise. <b>Luke</b> indicates that our Messiah's death on Passover, the 14 <sup>th</sup> of Abib, was a dark conj. lunar phase that produced the lengthy solar eclipse. So 14 days earlier, the New Moon was FULL.	Initially, the Romans utilized a luni-solar calendar as kept by all nations of the ancient world. But all luni-solar calendars are not the same. They start and end at different points. Since the 4 <sup>th</sup> century A.D., only Easter of the Roman Calendar continues to utilize the 12 and 13 lunar month years, the naturally occurring phenomenon inherent in the original lunar-based calendar of Scripture. The existence of Easter remains a sign that the original calendar of Scripture was lunar.	The Karaite Jews honor the crescent as New Moon, while the Rabbinical Pharisees honor the dark conjunction as the New Moon. Both lunar phases are in close proximity to the sun by day and are unable to meet the Genesis 1 criteria of a full moor ruling with the stars all night or the east-west time continuum, opposite the sun. Nor can it produce the solar eclipse that occurred on the day of Messiah's death. (Luke & Amos)

"Hear, O Yisra'ĕl: הוח our Elohim, יהוח is one!" And you shall love יהוח your Elohim with all your heart, and with all your being, and with all your might. Debarim (Deuteronomy) 6.4-5
