

Exodus 16:1-2 Second Month in a Row - The Manna

At the commencement of the Second Month of the Exodus, Yahuah sent manna from heaven, which presents the second detailed calendar layout in a row. What this means is that Yahuah has given us two months in a row for comparison, each of which establishes details for New Moons, monthly calendation, weekly cycles, and lunar seventh-day Sabbaths. The story of the manna sent from above presents some unique details that will, step by step, reveal an otherwise hidden calendar system.

One month after the Exodus from Egypt, manna was provided each morning for six days, but none was given on the seventh-day Sabbath.

And they [Moses with Israel] departed from Elim, and all the congregation of the children of Israel came to the wilderness of Sin, which is between Elim and Sinai; and **on the fifteenth day, in the second month** after their departure from the land of Egypt, all the congregation of the children of Israel murmured against Moses and Aaron. Exodus 16:1-2 *Septuagint*

Second Month

The Israelites complained of hunger during the daylight hours of the 15th. Ex 16:2

Yahuah sent quail for food at twilight after Sabbath was over on the 15th to ensure that no baking or boiling would be done on His sacred Sabbath hours. Ex 16:12, 23

The falling of the manna was the sign by Yahuah that the 16th day of the month was ordained by Him to be the 1st day of the week. He also established the day to begin at sunrise and not at sunset. Ex 16:6-7, 12-14

The manna illustration clearly defines the 22nd to be the seventh-day Sabbath. From here all the other Sabbaths for this month can be reckoned. Ex 16:13-14, 29-30

The very first Sabbath that followed these first six days of receiving the manna was the 22nd lunar calendar date as counted from the New Moon. This fixed the other Sabbaths for the month to fall on the 8th, 15th, and 29th (Exodus 16). Refer to the full article, ["Three Months in a Row."](#)
