

Testimony of Vai Thomas

I am Vai Thomas, a 58 yo woman, mother, and retiree sending greetings from Port Moresby, NCD, Papua New Guinea, a nation just north of Australia and in the South Pacific.

I will forever be grateful for accidentally downloading TheCreatorsCalendar.com from the internet while soul-searching for TRUTH before I celebrated the Feast of PESACH. I didn't really study it (the calendar) right away as I was celebrating the Passover Feast, ULB, etc., from sunsets: Monday the 22nd of April to Tuesday the 30th of April.

It was only after I had completed the Passover week celebration that I opened up The Creators Calendar and to my surprise, realized that the 24th of April was the start of 1st Month Aviv....I was like...WOW, so I knew I was still in my wilderness journey searching for TRUTH. So, here I had stumbled on something new and was humbled to know that I must be on the path to being led to finding a lot more answers to all the Biblical truths that I still had in question.

I am now encouraged all the more by this website to learn all that I can, with the aid of the Bible that I have (Hebraic Roots 3rd edition), and I also hope that The Restored WORD OF YAHUAH will be available for the remnants seeking ALL TRUTH.

I also would like to share with you that the word 'YAHUAH' in my local dialect means 'BREATH' and 'YALUAH' means Spirit. These words are my mother tongue and the moment I saw the word 'YAHUAH'. I knew I was just at the beginning of the pathway to seeing the Light.

I was raised in a 'Christian home,' worshipping on Sunday mornings since growing up as a child. My spiritual journey as an adult caused Sunday service to come to a stop in 2010 as I began to realign to the Sabbath in 2014. I stepped into my first Shabbat worship in 2015 after I celebrated the Feast of PESACH/Passover with some friends in Port Moresby. I kept Sabbath worship and had my last time of worship in a messianic congregation in 2021. I resorted back to Sabbath keeping in

my home up till now (and I will correct myself to Sabbath keeping according to The Creators Calendar).

I have also shared the website with my sister, who lives in another province, and I can't wait to share it with my elder brother, who lives close by. I give all my heartfelt Praise and Thanksgiving to YHUH, and I will repent BIGTIME for all that Replacement Theology has indoctrinated in me and all mankind. I give Glory to the Almighty YHUH for all the information and help provided by this website to all souls searching for TRUTH because I believe that everything happens in His Perfect Time.

With Love and Blessings,
